Re: Reference Letter
Catherine Pantazopoulos

I would like to endorse and refer **Catherine Pantazopoulos** to become a member of IATSE 667.

Catherine is a consummate professional with exceptional technical and creative skills. I have known and worked with her for over 20 years, both on-set as an AD and Production Manager and in post-production as a colourist and very adept technician.

Catherine would benefit the Toronto film community with her international experience working with the best in the industry. She has worked on well-known film projects and commercial with top Directors and DPs.

She has an excellent eye for detail, both for technical and creative work. She has solid experience with the most sophisticated equipment and workflows.

I would encourage you to admit her into our union, IATSE 667.

Thank you.
