No problem, your work is very good, sounds like you have been practising your scales like a pianist. I'm still doing a fair amount of 35mm but recommends Red epic over Alexa when asked. Working on Baselight, a mix of commercials and couple of movies a year, remote viewing is picking up fast giving access to other markets. Busy busy but good, let me know how it goes for you.

Take care

Hey JC,

Hope all is well.

Thanks for giving my name to Jonathan Porath. That was very kind of you.

I much appreciate you're support, it means a lot to me.

I've done so much work all over the place, feels like I could do any market with my eyes closed.

I guess it's all about testing one's own limits and creativity.

How are you? What are you up to?

Keep in touch.
