Dear McG,

Hi there, it's Catherine, colourist on your show.

I have in hand, a USB stick with all the images from your episode.

Not quite sure what happened that night, everyone cut out and I wasn't able to get the stick with the stills to you or Jimmy.

If you would still like to have them, I can put the USB stick in the mail and get it to you asap. I would just need an address where to send it.

Hope you enjoyed your time with our crew. We certainly did, working with you was great fun. Wonderful energy. Yo will be missed.

Do let me know if you'd like me to mail the pics.

Kind regards,

Catherine Pantazopoulos
