NMPA ANNOUNCES: THE "COLOR IT" WORKSHOP

ON JULY 12, 2013 · IN NEWS

On August 3rd, 2013, the NMPA brings to Albuquerque two very special guests from Toronto, Colorist [Catherine Pantazopoulos](#) and Color Scientist, [Charles Poynton](#). Charles and Catherine are two of the most sought after experts on color science and color correction for digital film. Charles is a SMPTE Fellow and an expert on color space and an author of Digital Video and Color Science books. Catherine is a Colorist, (color artist) with credits in major motion pictures such as Blood Diamond, Interpreter, and Flight of the Phoenix. [IMDB](#)

This educational workshop is limited to 42 participants. The full day schedule provides time for expert presentations, software demonstration, Q&A, networking and lunch. Tickets are going fast, get your [tickets](#) now. Workshop details and maps available on the [Eventbrite registration page](#).
