I second that completely!

We are so lucky that you were able to do this project with us. Thank you again for everything.

And sorry that you missed the wrap party and the Cinderella ballet !

Hi Catherine,

Thanks for the lovely email. You are so talented and great to work with you, I felt blessed to have you on set each day. Sorry you missed the party, and got sick. I felt really rundown, but managed to avoid catching anything, at least so far...

I'm going into the edit suite full time starting next Monday, and will definitely stay in touch with you and Maya on the progress, and would love you to stay involved if that can work out.

best

Andrew

Dear Mary-Anne and Andrew,

Thank you for the work on a beautiful, very human story. I hope we all did creative justice to it. I was very touched by it and working with you, Mary-Anne and Andrew, was quite an encouraging and lovely dynamic to watch. It was a brave and ambitious project you guys managed within the confines of the budget and time frames.

I wanted to come to the wrap party to say this in person but was so tired, I stayed in sweats till yesterday morning when I went to wrap the kit at SIM. I even missed the Cinderella ballet on Sunday. I can also be quite an introvert and big groups can be overwhelming - go figure working on set - it takes quite a toll.

Let's keep in touch re: a colour pass when you have your final cut before final colour at Picture Shop. As long as I'm around (I'm my 90 year old parents' primary caregiver and things are always in flux) I would be willing to give my time with Maya and you guys to figure out what would flow best.

Thanks again for a sensitive story that I hope lives up to what you hoped to accomplish. Wishing all the best for a great outcome.

Kind regards,

Catherine Pantazopoulos
