Hello Kat Kat. You are doing a fantastic job with the dailies. I liked the way the interior of the store looked. There was some mixup on notes for the scenes 107 but you figured it out quite well. I found a comparable printer made by Canon and it will be here next monday. I don't know if you need it because we are in perfect sync.(: I will pick it up and send you some imagaes asap.

You are an amazing colorist I'm lucky to have you on this job.

Peace,  
JD
